

CyBOK Knowledge Guide and Topic Guide change mechanism

1. Changes (of any kind, from correcting typos to proposals for complete re-writes) to any Topic Guide (TG) or Knowledge Guide (KG) may be submitted using the CyBOK change request form on the CyBOK website at any time.
2. Small or very minor changes will be actioned (or rejected) within three months, provided resources are available, leading to an updated minor version of the TG/KG.
3. More substantive changes will be batched and considered for action by the Executive Board as part of the ordinary cycle of planning and resource allocation. Typically, they will have lower priority than changes to KAs, so there may be a considerable delay before action is taken. N.B. A revision of a KG might result in it being converted to a KA.
4. Change requests will be acknowledged by email, and those proposing changes will be notified when the status of the request changes.
